

Special Hour 1

different interpretation to it later. What was the interpretation which they gave? Jesus said, "Why do you call me good?" There is no one good except One. That is God." Well the answer is, "You are God. You are truly good." That is surely the answer that is required and expected even though without the other teachings of the Scripture you would not reach that conclusion, but it seems to me that there is a very real truth for it here regarding Jesus. Jesus doesn't want us to patronize Him. He doesn't want us to take Him as one who can give us valuable suggestions. We can get some helpful ideas, we can get some useful leadership from Jesus as we can from other sources. This is not His argument. Why do you call me good. There is none good save One and that is God. I think it is exactly similar to what He gives in Luke 12, the 13th verse. There we find that one of the company said to Him, "Master, speak to my brother that he divide the inheritance with me," and He said unto him, "Man, who made me a judge or a divider over you? What right have I got to be a judge

Special Hour 2

so the answer is that Jesus said, "I'm not ready to be one who gives you a little help along the way, who acts as divider and judge, and I give you my suggestions and somebody else gives his suggestions. I'm not here just a good man to tell you what I think and some other good man tells you what he thinks. There is none good but God; there is none who has the wisdom to be the ^{great} judge or divider except God. Take me as God. Take me as divine. Take me as the Lord of the universe, or else not at all. ~~I think that would be the attitude that~~ I think that is the attitude that He would . I don't think He is going at it in a strong way. I think He is simply giving the idea; giving the suggestions, but I think that is the idea that is . Why do you call me good? None is good except One. Who can tell you how to inherit life? No one but a good one. Well, what good ~~one~~ is there? There is none that is truly good but God. Therefore
