

to try to help him. But I'm not going to say anything to anybody else that is going to cut down his influence or is going to make them turn a little bit against him. On the other hand, if there is a man who is opposing the Word of God and is injuring the testimony of Christ, no matter how many wonderful qualities he has, I'm not going to say nice things about him that will lead people to think he's a worthy man to follow. Even tho that maybe never occurred to me when I said it. I'm going to look at the larger objective. That is what God has in mind when he speaks of a perfect hatred. It is a calm hatred that thinks of results and thinks of attitudes, rather than something that is very very ~~AWFUL~~ careful of what is so difficult to do: not to feel that we have been slighted, or something has happened to arouse my feeling and therefore my attitude toward individuals is based on their attitude toward me instead of their attitude toward the word of God.

Sin is real. Satan is real. When you read in the paper that the police are ~~repressive~~ oppressive attitudes in trying to do away with crime on the streets, therefore we are going to have riots because of their repressive attitudes, -- that's in all our papers, that kind of nonsense! We have to be repressive against evil, against wickedness. We have to be, we must hate it with a perfect hatred.

Satan is the incarnation of evil. There is in the world today a force which is the very incarnation of that which is hostile to God. The very incarnation of that which is involved in the attempt to destroy God's Word. I felt that this am. I would like to bring out a few points that I feel we all should be aware of. Of how this tremendous force we have in the world today - - - a force toward which I think the Christian must have

the attitude described in this verse -- a perfect hatred--- and that is communism. It is amazing when we pick up our news-

papers and see how they write as if there was no such thing as a communist conspiracy. It doesn't exist! All these nations are individuals and they are thinking of their own welfare and there

is no such thing as a cohesive united force of communism. They simply are ignoring the greatest single united force in the world (for evil) today. Yet the evidence is so great for it, yet they just ignore it, ignore it long enough that the majority will forget it exists.
