

I had an experience last week that might perhaps be on the edge of this, you might say? I was out in the Middle West, and one place I was, some people told me, they said, Well, will there be a Faith Seminary next year? Will it be there? And then I went to Chicago, and ~~then~~ I met a man from California and he told me somebody in California had heard there wasn't going to be any Faith Seminary next year, and wanted to know if I would like to come out and teach in his school in California. Well, of course, it was flattering to be invited that way, but after the Lord has enabled us through 19 years to start with little and to build up an institution for Him, that has the testimony that this institution has, that ~~rumors~~ like this should go around, / where do they come from? Is somebody spreading them? I am sure there is nothing Satan would like better than to hurt this institution. But God established Faith Seminary. God established Faith Seminary for a great purpose, for a great witness, for a witness to His truth. I am not afraid of the Seminary not continuing. Mr. Curnow told us how the Lord is sending in the money, the Lord has sent us our money right from the start. We have our times of shortage, we have our times of difficulty, the Lord wants to keep us close to us, but the Lord has taken care of us, and the Lord is going to take care of us. I have no doubt in the world. Difficulties will come. Serpents will be taken up. But the Lord is going to lead through them. I told the people, I said, God established Faith Seminary, it is going to be here next year, it is going to be a better Seminary next year, than it was this year. I am absolutely sure, because I know that God has his purposes, and that God is going to lead us on. I am not worried about whether Faith Seminary is going to get enough money, or whether FS is going to be able to continue. It is God's testimony. I will tell you what I am worried about. I am worried that we turn aside from the path of God's will, because I see so many other places do it. I have seen institutions that for a hundred years have followed God, and then have turned aside to modernism, ~~to~~ to ...8.... I have seen institutions that for five years, or ten years have had a great testimony to God, and then have given up belief in ~~Verba~~ Verba l Inspiration. Oh, it was taking
