

let us pray. O God, our Father, we thank you for this ^{river of the water of life.} ~~vision~~ of the waters. Help us, each one, our God, to be so sure that we are planted beside this river, that we are bringing forth our fruit in its season, that our leaves will not wither, and whatsoever we do will prosper. O, our God, help us to carry the water, to make it available, to keep our buckets full, use us each one of us to point others to the water of life. We ask it in Jesus' Name. Amen.
