

12/4/62 cont'd

for our sins?

Question by Mr. Tourville: Answer: Yes, well how much of these statements that are in about that are written by anybody that knows anything about it and how much by some Jewish public relations man that's been hired to advertise for it is hard to say. But it is true that where it says in Genesis that God "breathed into man the breath of life and he became a living soul," the Hebrew is properly there an \_\_\_\_\_, the very same phrase \_\_\_\_\_nephesh, is used in the animal. Noah took into the ark all the animals everyone which was an (sp) epheshia, everyone which was an animal being. It is not a description of the human soul and the chances are that whoever is doing the advertising knows certain cases where the King James Version uses the word soul where they have used life for something for that and so put that into the ad. But I know that they did not make any such rule, we're going to do away with the soul something like that. No, I didn't see that but I happen to know some of the ~~man~~ on that committee the pretty well and I heard an awful lot about work on it during this recent year.
