

Word of God that we need. May Gdd enable us to build our lives on the Word, to put it at the center of our understanding, to learn first to live as we find Scripture teaching that God wants us to live by and second to lead and help others to come into the understanding of this.

Above all it is important that we have the most basic central thought of the Scripture at the very basis of our lives, that God sent His Son to give His life on Calvary's cross that we might live, that we might be absolutely sure that we have been saved through Him. Not simply follow along as other people have taught following words and ideas that other people have given, but receiving God himself, Jesus as our personal Saviour and then learning to understand His Word, to build out lives in accordance with it and to let His Holy Spirit so fill us and lead us and use us that our lives will truly accomplish His purposes.
