

lives can accomplish the utmost for the Lord, and then we can pray the Lord for wisdom and make the decision and pray the Lord, if we have ~~made the~~ ~~decision~~ ~~decision~~ a mistake to then in some way to close the circumstances so that it will become absolutely clear to us that we have made a mistake, but if we go forward putting him first, really putting him first, we are not apt to make a mistake, in most cases it doesn't matter half so much where you were as what you are doing for the Lord. And so I go on to the third point, and I notice that some of you ~~sm-~~ smiled a ~~little-~~ little when I came to the last part of the third point, all are called to put God's work ~~for~~ first, to make Christ known and to become tree ~~x~~ ~~removers~~. You notice I didn't say, that we are called to make people Christian, nobody can make somebody a Christian, but the Holy Spirit. You may go up to somebody and give a little ^{quick} testimony and they may turn to the Lord just like that, and you ~~may~~ may work and work and work on somebody for fifty years and they may never turn to the Lord. But perhaps the next day some one else will just speak to them and they will, and perhaps all the work that you have done has been preparing for it, and really having a tremendous lot to do with the result. You can't tell who is going to be saved, ~~so~~ so it is not God's function to us to win them to Christ, but it is God's ~~function~~ function for us to introduce people to bring them to an awareness of Him, to an awareness of their sin, to an awareness of who ~~is-~~ He is and what He has done, and what He desires to do. It is His will that we ~~should-~~ should introduce them to ~~x~~ Christ, Somebody has said, God is not looking for lawyeres, but for witnesses, now k that is half ~~true~~, there is a need, but ~~x~~ it is true that there is a far ~~greater~~ greater need of witnessing, and the witness of what ~~x~~ Christ means to you, and what He has meant in your life, and the witness of your joy and happiness
