

neither bid him God-speed, for he that biddeth him God-speed is partaker of his evil deeds." O how many fine Christian young men desiring to serve the Lord, I have come across taking courses in modernist institutions where the Word of God is denied, in order they say to learn what the other side thinks, But I don't ~~swazz~~ recall ever meeting someone whose training was in a modernistic, unbelieving institution who had not been converted and turned against it, but who came to a fundamentalistic ~~institution/~~ institution to learn what our side thinks. The We are to oppose those who deny the incarnation, those who deny the fundamental doctrines of the faith, to oppose them with all our might. Paul stated it very clearly in Galatians 1:6-11. He said "I marvel that ye are so soon removed from Him that called you unto the grace of Christ unto another gospel which is not another, but there be some that trouble you that would prevert the gospel of Christ, but though we or an angel from heaven preah any oth r gospel unto you than that which we have preached unto you let him be accursed." As we said before so say I now again, If any man preach any other gospel unto you than that we have received, let him be accursed." This is very very strong language. I have often thought that if all those who have come from fundamentalist homes or from backgrounds of believing the Scriptures were to go to Bible-believing schools ~~if~~ if they are training for the Lord's service and get their training there, the modernist churches would soon die out for lack of leadership. The modernist churches are constantly being recruited by those who have come from fine Christian homes and who have had fine fundamentalistic training as young men and they have within them an urge, they have an emotional feeling, they have a craving to make their lives count for something good, and then they go to an institution where the Word of God is torn to pieces, where the deity of Christ is ridiculed and they come out an spend their lives preaching another gospel. I have had the expeience many times of seeing a man who was a thorough-going modernist but who was a man who had a great influence on young people a man who was able to lead people to form great social movements or to accomplish things that made an impact on the world, and in practically every case where that
