

of prophecy that tells us that the plan is being worked out . The important thing for us is to get ourselves ourselves in ~~real- x~~ relationship with Him who is the maker of the universe and to find ~~out~~ how to deal with this problem of ~~win~~ sin that is within us , through Jesus Christ who can give us the victory ~~of-~~ over it. But here we have a problem. It looks as if Prophecy is right . Well, Pinches (?) says, Let's go and investigate and so he went to the Britist Museum. He was a researcher in the British~~er~~ Museum and the British Museum had hundreds of/^{thousandsof}clay tablets in it, and out of those clay tablets, which are brought from Mesopotamia, out of those maybe 1% or maybe 5% have been ~~publishe-~~ published , and the rest of them haven't been published. It would take a while --a ~~loo~~ long, long time to take those and publish them , but the ~~α~~ scholars go through and try to pick out the historical passages and the ethics and the interesting things , but 9/10s of them are business documents; so and so has so many sheep and so many cows and so many mules and he's hired so many and he's paid so much for them and all that sort of business, and they skim through them and try to get what they can from , but there are thousands of them there that ~~can~~ have just been glanced at and catalogued at a glance, and Pinches (?) said Let's see if we can get some good evidence from this period . So he went there and began going through the ~~x~~ tablets , dealing with the period of Nabonidus , and ~~x~~ as he wen through he came across one tablet that had the Name Belshazzar on it. and he said well, at least there was a man named Belshaz~~z~~zar ~~or~~ at that time. Well, he went a bit further , and he read one which wa s a n agreement for renting a house for three years by
