

a city a woman wrote me as and she asked me , Would you tell me about a certain minister, is he a good Bible believing man. Well, he said, that man was a close friend of my ~~broter~~- brother's, he used to visit in our home a great deal , I couldn't write and speak badly of him. I just wrote in a non-committal way, I didn't say anything much about him. Now, the woman who wrote him ~~x~~ was a wealthy woman, who was disgusted with the modernism of the ~~big~~- big church in this city, and this other church she had moved to and they were anxious to get a new minister, and she gave her agreement to their getting this new minister, she gave a couple of hundred ~~k~~ thousand dollars toward improving the church, building up the facilities , wanting to build a ~~gra~~- great gospel work there, and about eight years later the people were so disgusted with this man, all the godly people had left the place , the children had gotten no message of truth whatever , I went and heard the man one eveing . His Sunday evening sermon was on Ireland after,50 years, discussing the ~~pee~~ political and economic developments in Ireland. An interesting historical lecture, but no presentation of the gospel whatever, and this great Christian leader was so afraid he wouldn't show a loving spirit toward the ~~fried~~- friend of his ~~brother~~. that he wouldn't tell that woman the facts which he ~~knw~~- knew about the ~~factx~~ that that man was an enemy of the gospel, and as a result this woman wasted a couple of hundred thousand dollars and the opportunity to use that place for a center for a real Bible believer to build a real work for God was utterly lost . There is true Christian love, and there is nothing more ~~x~~ important that that we have it, and that we love every individual and the best way we can show our love is to bring them to the knowledge of the Lord and show them how to be saved , and we should love the many who need the word of God and we show our love to ~~the~~ m by our antagonism toward those who are trying to keep
