

This is a matter that needs particular prayer and thought if you are to be understanding what the will of the Lord is.

Jonathan Edwards, that great American theologian, that great scholar, that great preacher, that great evangelist. That man had tremendous responsibilities which he performed before God ~~■~~ back in the days when you had ~~■~~ none of the conveniences we have to save time now. Jonathan Edwards, every single day of his life after he had children took a full hour out of that day with those children in order to do his part in the raising of those children and the teaching of them of the ways of the Lord. It is very easy for two people, one of whom is busy with responsibilities of seminary life and both of them are rushing around doing things, it is very easy to neglect taking time together in order to be God's instrument in helping each other grow in grace and in the knowledge of the Lord.

God wants us to think of how we~~x~~ are going to help the members of our family. This is tremendously important. I have known ministers who have done a tremendous work for the Lord and been a great blessing, and often the whole thing~~x~~ has just fallen down on them all the sudden because of their neglect of this vital _____ that they have taken upon themselves when they assumed the responsibility of marriage. God wants ~~■~~ to use us as His tools, and in order to be His tools we need an understanding of His Word in applying what ^{finding} He wants us to know.

Each member of our faculty is interested in each one of you. You may think that I am not, because I find it very hard to learn to know faces. It's an unfortunate failing I have and I am working on it. It is unusual~~x~~. Most people remember faces far more easily than names. I seem to be the exact opposite. I find it very hard to remember faces.
