

rapidly in Germany in the '30s/ It could come very fast. Yesterday you sang, Work for the night is coming. I don't know how soon it will come, or how long it will last. We often hear of men who were held in dungeons in Rumania and in Bulgaria and other communist countries for years, and offered that they would be released immediately if they would act as spies for the government revealing to them any of their people who had any tendencies toward opposition to the prevailing government. We can get a situation like that in this country.

The FBI is being ^{torn} ~~down~~ down. Ten years ago it was an effective organization. When the Weathermen blew up the big building in Wisconsin, and one scientist was killed. When they had a factory in ~~NY~~ New York where they were making bombs, and someone made a mistake and the whole building blew up, and two of them escaped with practically no clothes on. The attempt was made to find these people. Some friends took them over and took care of them and they have never been found as far as I know, but the FBI has been trying to infiltrate to find them, and now the men who did (the wiretapping) are being accused of interfering with the civil rights of of these revolutionaries, and what do you expect the FBI to do in the future if what they did 10 years ago is to be punished that way?

Hundreds of the best operators of our CIA have been fired, and an advertisement occurred in the NT Times last week asking for 200 new people to apply! for positions with them. Our defenses are being torn down. Who knows what's ahead. But for the Christian the things ~~ix~~ of this world are temporary. They seem very important while they last. But to us the vital thing is how can we spread the knowledge of Christ. I believe we should make plans that if the Lord tarries we can be most effective 30 yrs. from now, but I think that
