

It leaves you with nothing to account for the beginnings of it all. If there was such a beginning he is quite convinced at points in his book he mentions the fact that the sounds of the original big bang are still reverberating throughout the universe! Thus people may try to destroy faith in the creation of the universe and in the God who controls all things, but as the Psalmist says, The One enthroned in heaven laughs and the Lord scoffs at them. He rebukes them in His wrath saying, I have installed my king on Zion my holy hill. . . Kiss the son lest he be angry and ye be destroyed in the way. Blessed are all those who take refuge in Him. Let us pray:

Our Father we thank you that the more we examine evidence the more we find there is no way to escape the fact that you have created all things and that you are in control. We know that you scoff at the attempts of men to dethrone you from your place, and we know we all deserve eternal destruction for our sins. But we thank you we -- that you that you have provided for our salvation by sending Jesus Christ to die for us that we might be saved from the power of darkness to light, and from the power of Satan to the power of God. Make us to go out being careful in our ~~xxx~~ statements, interpreting your word carefully and correctly and not going beyond what is clearly taught. Help us to go out to be your instruments to bring souls to salvation through our Lord Jesus Christ. We ask in our Saviour's Name. Amen.
