Satanic Deception

2 Satanical power in Jim Jones movement

Not to deny Satan's existence, or
Have inordinate fear of Satan

Failure to help other Christians when they need us

Missing an opportunity to help a friend in need simply because
thought he was more advanced in the things of the Lord

3 Receiving criticism with thankfulness

Story of Cassandra in Greek mythology. Result: nobody believe what
she said.

4 Recognize we have same faults when we criticize others

©.Campbell Morgan disclaimer of some important doctrine when speaking
to defend another important doctrine. Avoided taking a stand lest
he should offend some.

5 Meeting in Wilmington where one minister urged others to "Contend for
the faith," while another kept saying, "The servant of the Lord must
not strive."

Putting stress on non-essentials

6 Reason for standing for premillennialism is for consistence in our
method of interpretation of central doctrines

7 Presbtery of Philadelphia almost split over matter of form of standing
or kneeling in prayer

Method by which modernists take over vacant churches.
