

Let us give praise to the God who has created this world and let us recognize His creative power. Let us make it known on every possible occasion.

But let us recognize that we are sinners, headed for eternal destruction except for God's marvellous grace is sending Jesus Christ to this earth.

Let us make sure, each of us, that we have looked to Him and in humble repentance repented of our sins and received His redeeming grace as our Saviour. Then let us go on knowing that at every step of the way He is in control and that He wants us to make known that mercy He has shown us, recognizing that we continue to be sinners, but through His grace we can gain the victory step by step over sin as we look to Him who gave His life that we might live. Let us pray.

O God our Father, we thank you for your creative power. We thank you we can join together in adoration of the creation of the universe. How blind those are who endeavor to forget that there is a great creator. How blind they are for the heavens declare your glory; the firmament shows forth your handiwork. But, let us recognize that the earth is not understandable apart from your word. Help us we pray to feed upon your word and to gain from it the strength and understanding we need for our lives. Above all help us to understand its most outstanding teaching that we who were sinners can be redeemed through the blood of the Lamb, that Jesus Christ gave His life in our stead, that He ~~DEEMED~~ can be made sin for us and that we can be made the righteousness of God in Him, and that He is ready to live in us as the hope of glory. We ask in Jesus' Name. Amen.
