

Oh may God enable us to realize that the Bible stands and we need never be ashamed to stand strongly for the inerrancy of God's Word. May God enable us to realize that all words of men are weak and feeble and can fail, but the Word of God correctly interpreted carefully studied, produces only truth. And gives us all those ideas that God wants us to have and can give each generation the ideas He wants that generation to have to bring its lives into conformity to His purpose.

Oh may God enable us to feed upon this Word that we may grow thereby, to find in it our constant spiritual nourishment. This is <sup>the</sup> my ideal for Biblical Theological Seminary when ~~I founded it~~ <sup>was</sup> ~~helped to found it~~. Pray that God will cause the seminary <sup>always</sup> to stand solidly upon the foundation upon which it was built not to devote itself at trying to satisfy other needs, other purposes, other objectives, ~~but~~ and to neglect this one, but to stand stand solidly on the Word of God and to train its people to interpret the Word and to present it aright.
