

Example of Minute Division

In Exodus 14 four times four different verses are divided between J and E (vs. 10, 19, 20, 24). ~~Three~~ times ~~Three~~ different verses are divided between E and F (vs. 9, 15, 16,). Three times three different verses are divided between J and P (vs. 21, 27, 28)

See Carpenter and Harford's analysis in The Composition of the Hexateuch, p. 516

See 17.1-11 Albright's argument that the MT cannot be used as basis for the close analysis that divides single vs into 3 diff. sources
