

its statements about ancient history to become outmoded and to be proven false at many points. If, ~~335~~ however, it is a revelation from God, we can expect it to meet every fair test to which it may be put.

A century ago the Bible stood practically alone in its account of events prior to 500 B.C. Consequently it was easy for the Higher Critic to rearrange ~~the~~ portions of the ~~B~~ Old Testament, often on a purely subjective basis, to fit in with theories which considered the Bible to be purely a human development. Today this is no longer possible. Under the excavator's spade, great cities have emerged from the dust in many parts of the world, but particularly in
