

not a bit surprised  
and the enemies of peace. And so I was ~~disappointed~~ when we soon had to start  
establishing arms again. ~~And~~ And then when they founded the U.N. and they had  
that great meeting in San ~~Francis~~ Francisco, what they said, this they said  
this is a ~~unit-~~ union of all peace-loving nations, therefore, no nation can  
be in it which has not been at war with Hitler, because ~~is~~ it is peace-loving  
nations only that will be in this, but they said the Russians are one of the  
five leading nations in it, and they said we mustn't hurt the feelings of  
the Russians, so at the first meeting there will be no prayer, no recognition  
of God, because the Russians don't believe in God. We will have one minute  
of silent meditation, one minute of time for when those who believe in God  
can look to God and those who don't believe in God can ~~na~~ meditate against  
God. How can you expect God's blessing on anything like that? ~~God~~ How  
can you expect God to bless an instrument which is formed in defiance of  
His law and in defiance of His Holy Word and by linking ~~to~~ to those who  
are opposing all the principles of justice, and freedom, and righteousness  
and who ~~a~~ have declared their intention to tear down all gods from the skies  
and put an end to religion. Of course the Russians are trying to re- use  
religion, they are trying to use it but their ultimate objective has been  
clearly stated in their book and they will ~~wa~~ use religions just as long  
as they can use them, and then dump them into the fire ~~an~~ as soon as they  
need them no longer, ~~but~~ here the Assyrians were gone, God had punished  
the Assyrians for their wickedness but that doesn't mean you can go on in  
wickedness and ~~do~~ what you feel like, because there is nothing more to  
think about. God said I am going to raise up the Chaldeans. God has always  
an instrument for His purpose, and you don't need to think that because one  
instrument disappears, therefore you can go on in whatever way you may  
feel like. ~~They~~ They say that during the time ~~for~~ of the French Revolution, a  
man stood up in the chamber of deputies in Paris and He said, I declare that
