

indicate the part to which the ~~וְ~~ refers in the subordinate clause. Thus it is the subject of the subordinate clause in, "he saw the man whom he knew," it is the object of the subordinate clause in, "he saw the man whom he knew," it is the object of a preposition in the subordinate clause in, "he saw the man of whom we had spoken." When you have written this material out for about twenty verses turn the papers in to the office for me.
