

from doctrine. And it is a remarkable thing. Well, it is the thing that we want to think of ~~xxxx~~ of. How are we going to stimulate the abilities of our members. And of our people. To go forward and do the things that they can do well.

It is very easy to lay down a schedule. Here is what we ought ~~six~~ to do. Perfect plans, but you have imperfect men. And you are apt to find that in ~~the~~ perfect plan that you have made one third of the things that you think are very good, you have no one in your organization capable of doing those things. Well, then, there is no use of stressing it. You will find something else that strikes you as about ~~for~~ fourth rate in importance, but you find that you have somebody that is perfect in that. So, let him go ahead and ~~xxx~~ build up that line. ~~Thaxrxgaxixixix~~ It will be regulated by the resources available, in the direction in which you develop, in the way in which you spread out, so long as it ~~is~~ works and does not deviate from doctrine.

Well, this principle is the thing that we want to look at. Free enterprise is a very very important principle of human life, it is the answer to the, it is the cause of our nation being materially far ~~is~~ ahead of just about all other nations. It is ahead of any ~~is~~ nation materially, and you will find ~~it~~ is because we have more of free enterprise. People talk about the German system, they had a dictatorship in Germany. ~~And~~ And it was controlled by ~~the~~ the top. But I read descriptions of the leaders of German industry, the people who had ~~is~~ raised German industry up to take the position ~~they~~ they had taken, and you will find that free enterprise.....(12) Take the great truck munitions business, and there was a poor man who had an ideal, and he got busy and he worked on the ideal and he got ahead, and eventually he became so good in it that he got tremendous approval of the nation. But he didn't start out detailed to do this job. He was a man who very early had competition, and ~~is~~ getting ahead found the way to utilize the abilities that he had.

(question) We think of Germany as a country with a very authoritarian system, well it is ~~is~~ in certain regards. But in other regards it is a tremendously individualistic ~~gantz~~ country. I remember that when I was over
