

...this idea of imagining something beyond ~~your own~~ and wildly rushing up is your own ...so religion is not the answer to ~~us~~ our problem. The only answer as far as I could gather from what he said, to what he described as a desperate situation is to ~~hand~~-hang on for a few more thousand years until Fred H. and ~~his~~ his friends study further into the problem and find the answer to the ~~doz~~- desperate situation in which man finds himself . ~~if~~ I thought his illustration was a mighty good one. @ I think our situation is very similar to the one he described. I have a picture of mountain climbing myself. I know what it is like and on the side of a cliff. ~~And~~ ^{..} and see two or three ways and get off and as you ...you are not sure you can get back to where you are ~~and~~...but I have found that ~~ww~~ when I ~~am~~ am going to climb a mountain that is at ~~all~~ like that , the best thing that I can ~~go~~ do is to ~~ee~~ climb a hill somewhere near, and if I can climb this other ~~hill~~ hill and get a good look ~~as~~ at this and ...I can see if I go a little to the right here and if I go a little bit to the left and so, I can find a very easy way up, but you can't see it when you are in the middle of it, you have to get some ~~distande~~ distance away. And so I think that the situation that humanity is in ~~tedy~~ today is just about like ~~X~~ Fred H. describes it, but we have an instrument that he does not suggest and that is, there is one on a hill today, who has a strong ~~per~~ pair of field glasses and he sees exactly where we are, and he sees if we follow one of these various cults or isms and ~~g~~ go ...up the top , we are going to get a little ways from the top and go over to the bottom, he can see that, but He can see the way we ought to go, and we can ~~see~~ ...He can give us information that we can't get ourselves ~~bea~~ because He can see what we can be, so we need a Revelation from one that can see what we can't see, and that is what Christians have in the Bible. We have a revelation that tells us the cause of the situation that we are in,
